Re: COVID-19 Update

Dear Meadows Families and Loved Ones,

We have completed our first round of resident testing on 1/2/2021. Those residents with symptoms are under quarantine. We are communicating with families of those affected directly.

I am unable to provide resident details beyond what is shared here, due to HIPAA considerations; however, feel free to contact me with any questions or comments at info@brookmeadecommunity.org.

Thank you all for your support during these times.

We appreciate your ongoing encouragement and kindness. We will keep informed of any new cases of positive staff. All staff will be tested on Tuesday, January 5, 2021 and all residents again on Wednesday January 6th.

We have prepared for this eventuality, and will continue the utmost diligence and vigilance as we look to protect our community.

Sincerely,

A handwritten signature in black ink that reads "Karen Zobel".
